Changes to and Approval of Budget

Any changes need to be approved in a PTA mtg. Budget doc shared with revisions (marked with asterisk). Author visits changed to \$0. Added to the Environmental line item. There was a grant received so this line item was updated to reflect this change.

Increased the Kindness budget for books for individuals in need.

Science fair did not happen due to county issues (took this budget away).

Added PTA general expenses for improvements. (purchase of snow cone machine and inflatable screen). Decision made to buy an inflatable screen vs renting each yr. Old snow cone machine provided to a Title 1 school in FL.

Melanie can provide budget updates, if any committee is needing an update to their current balance.
